

RILEY SPECIAL PROJECT FOR SALE

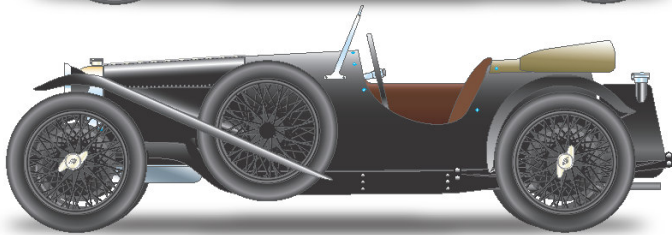

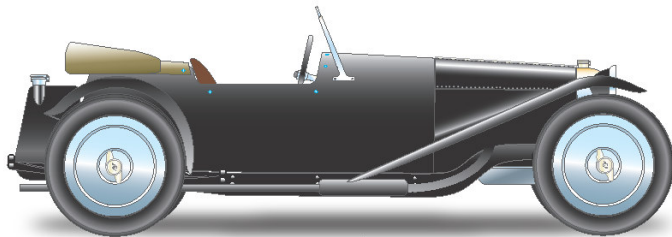

All parts original except for the chassis which is new, absolutely correct and beautifully made. The intended body is of my own design. Should I complete the project myself - I have done several Riley specials before - the market price of the finished car would be something like € 50 - 60.000. Price of project in current state can be discussed in the vicinity of € 20.000.

Below a photo of a special I did back in 1980 based on a Merlin Nine 1935. All photos show what I have in my garage. You are most welcome to come and visit, but it is a project - not a ready to drive vehicle.
